

Impact Associate at Trill Impact, Stockholm or Munich

We are looking for an ambitious Impact Associate who is eager to make a positive contribution to solving pressing societal challenges.

Established in 2019, Trill Impact is a pioneering Impact House with around EUR 1,2 billion in assets under management across our Impact Private Equity, Impact Ventures and Microfinance investment strategies.

We are convinced that private markets will play a vital role in achieving the UN Sustainable Development Goals, by driving change at scale and speed. We have therefore built a team of around 50 professionals consisting of experienced investment and impact & ESG experts together with other experienced professionals, based in the Nordics, Germany, Luxembourg and USA.

This role is within the Impact team and will be fully dedicated to the Private Equity strategy. The impact team consists of 8 impact professionals located across our Stockholm and Munich offices.

To be successful in this role, you should have the following:

- 3-5 years of relevant work experience within a management consulting, transaction advisory or corporate strategy environment, with a strong ESG/Impact focus
- Strong analytical, quantitative, problem-solving and communication skills
- Knowledge of databases and modelling experience is an advantage
- Ability to identify priorities and drive work forward autonomously
- Comfortable with conversations with internal and external senior management
- Ambitious and eager to contribute to the team and work in an entrepreneurial, performance focused, and driven environment
- The motivation to build businesses that make a positive contribution to society
- Academic background from top-tier university programs in business administration, finance or economics, or other relevant degrees
- Proficiency in English and Swedish or German, both written and verbal

Your role will span across the investment lifecycle, including sourcing, screening, due diligence, and portfolio company ownership.

As an Associate, you will be responsible for the following tasks:

- Conduct detailed and thorough due diligence to provide valuable insights on how target companies are currently positioned with respect to impact and ESG criteria
- Support portfolio companies (post-investment) in implementing impact and ESG approaches (from hygiene factors to value creation), with practical tools and in depth knowledge
- Contribute to developing methodologies and approaches to impact and ESG analysis, corporate sustainability strategy, impact measurement and management, and regulatory requirements
